Collaboration with the Universities in the U.S.

Chongqing Kang

cqkang@tsinghua.edu.cn

Jul 28, 2014
Self-intro and US Collaborators

Chongqing Kang
- **Vice Director**, Department of Electrical Engineering, Tsinghua University
- IET Fellow, IEEE Senior Member
- **Research Area**: Power system planning, low carbon power system, renewable energy, and load forecast

Prof. Saifur Rahman
- Joseph Loring Professor, Electrical and Computer Engineering, Virginia Tech
- Founding Director, Advanced Research Institute, Virginia Tech
- Vice President, IEEE PES Publications

Prof. Antonio J. Conejo
- Professor, Integrated Systems Engineering, Ohio State University
- IEEE Fellow
- **Editor-in-Chief**, IEEE Trans on Power Systems

Prof. Michael B. McElroy
- Fellow and former Councilor, American Academy of Arts and Sciences
- Former Director, Harvard University Center for the Environment

Prof. John N. Jiang
- OGE Endowed Chair Professor of Power System
- Director, Electric Energy Risk Research Laboratory
- Director, Harvard China Project
Collaboration Details

Invited Seminars

**Prof. Saifur Rahman**: Energy & Power Research @ Virginia Tech-Advanced Research Institute, Tsinghua University, Oct.16, 2013

**Prof. Antonio J. Conejo**: Scheduling Energy and Reserve in Systems with High Wind Penetration, Tsinghua University, Jan 16, 2013

**Prof. Antonio J. Conejo**: Risk Constrained Multi-Stage Wind Power Investment, Tsinghua University, Jan 17, 2013

Thank you!
